

Direct Fired Heater Solaris

28kW Compressor Heater without Stack

www.crosshireservices.ie

Heating & Cooling

The Solaris is totally manoeuvrable and carries its own fuel supply, which will give you the flexibility to take the heat to wherever it's needed. You'll find this to be an indispensable member of the work force.

- Compressor heater without stack
- Functions on oil paraffin
- Pneumatic atomization burner
- Stainless steel combustion chamber
- Photoelectric flame sensor
- Automatic electric safety and control device
- Ideal for drying in building sites and heating well ventilated small/medium premises
