

# Max 12 Portable Exhaust Tube AirCon

The MAX12 portable exhaust tube air conditioner is perhaps the most powerful unit that works reliably off a 13A UK circuit. Able to deliver 10.25kW (35,000BTU) of cooling power, the MAX 12 is incredibly efficient and extremely well-built too. It's simple to use, robust and can produce large volumes of cool air.

Detail	Max 12
Cooling Duty	10.25 kW 35,000 btu
Airflow	1885m <sup>3</sup> /hr
Cooled Area Typical	79m <sup>3</sup>
Input power	2700 kW
Noise Level	dba Av. 70 dba @ 1 mtr
Weight	130 kg
Dimensions (W x L x H)	665 mm x 815 x 1170
Exhaust hose	300 mm
