

Heating & Cooling

Polar Breeze is an exhaust tube air conditioner and one of our most popular products. Small and compact, this model unit has a smart, modern look and it is very easy to install and use too.

In spite of its size, the Polar Breeze can produce a very powerful 4.1kW (14,000BTU) of portable cooling. It also has a fully-automatic thermostat and comes complete with a remote control.

Detail	Coolair 14
