

# Max Cool 40 Portable Evaporative Cooler

The Max Cool 40 is ideal for spot cooling in any home or office. Honeywell evaporative coolers do not require power hungry components like compressors. Max Cool 40 consumes only 288 watts\* of power. This low power consumption translates into significant savings on energy bills compared to using air conditioners.

Three fan speeds and oscillating louvers improve air circulation and provide an even distribution of cool air for rooms up to 320 square feet\*. The Max Cool 40 includes an automatic off timer for even more energy savings. The LCD control panel is easy to use and the remote control lets you operate your cooler from across the room. Plus, this lightweight unit has side handles and four durable caster wheels allowing easy mobility from room to room.

Detail	Max Cool 40
Low Power Consumption:	288 Watts*
Water Capacity:	7.9 G (60 L)**
Cools Up To	320 Sq. ft. (80 sq. m.)*
Powerful Air Flow:	525 CFM*
3 Speeds	High / Medium / Low
Water Supply Connection	Continuous
Wide Fan Blades	Provide faster & wider air flow
Product Dimensions:	18 (W) 13.8 (D) 33.7 (H) in.
Product Weight:	24 lbs.
